

# AIRTRAC<sup>®</sup>-E

Areté's AIRTRAC-E is a ruggedized laser with >30mJ pulse energy. The AIRTRAC-E provides key laser pulse energy and pulse width capabilities over the full MIL-SPEC temperature range. The condensed size and full system weighing less than 220 grams establishes the AIRTRAC-E as a new low weight standard for lasers of this class.

## Key Features

- Compact efficient athermal laser resonator
- Low power
- Lightweight laser with key pulse energy and pulse width capabilities
- Patented technology for increased efficiency and long life performance
- Reduced heat load
- No significant warm-up time
- Capable of continuous operation
- Fully sealed laser cavity
